

Loma Vista's 2019 Internship Program Overview

If you have to spend 50% of your waking hours working, why not **DO** something that matters. At Loma Vista, our interns are empowered to make a difference. We create beautiful and powerful products (plants actually) that have the ability to change our world. Did you know that one tree can offset 48 pounds of carbon dioxide per year? The plants we grow can actually help remove chemicals and bacteria from water in the ground, provide habitat for wildlife, and absorb sound that helps with noise pollutions, and so much more.

Loma Vista grows over 50,000 trees annually and over 1 million plants. So, we are eliminating over 2 million pounds of carbon dioxide each year and we are committed to sustainable best practices. We care about mentoring our interns to achieve practical know how to compliment your theoretical course work. As an intern at Loma Vista, you will have the chance to learn, build relationships with others industry professionals, and participate in a variety of fun and challenging experiences.

So, if you are plant inspired and want to collaborate with a broad variety of skilled plant enthusiasts like yourself, apply for one of Loma Vista internships. Bring your questions and we will build answers together.

Internships offered at Loma Vista Nursery:

- Plant Health
- Nursery Production
- Perennial Production
- Marketing and Communication

All Internships will be paid at the rate of \$12.00 per hour. Students will work a minimum of 40 hours per week.
